

## Z40 – Battery Powered Cable Cutter

### Description

TriCab 's hydraulic, battery-operated cable cutter is designed to be used to cut both Aluminium and Copper conductors, including fine stranded conductor.

These heavy-duty tools have a cutting range up to 85mm and can also be used to cut Copper/ Aluminium cables with Steel Wire Armoring.

They have a built in OLED display that specifies the number of times the cutter has been used and its operating condition.

**\*Charger and 2 Batteries included**

### Advantages

- Built-in safety valve retracts the cutting blades when the operation is complete.
- Cutting head rotates 350 degrees.
- Ergonomic Hand Grip Design.
- Built in LED bulb improves visibility when crimping in low light environments.
- **OLED Display** - Specifies number of operations completed, battery condition and fault codes.

### Inspection and Testing

- Visual Inspection
- EESS Certified Battery Charger

### Specification

| Product Code   | Max Cable Diameter |
|----------------|--------------------|
|                | <i>mm</i>          |
| Z40-AAXX/XF85  | 85                 |
| Z40-AAXX/XF105 | 105                |
